English Assignment

1. Composition

Writing a letter of reply to your overseas penfriend who shows great concern about the recent outbreak of mystery pneumonia in Hong Kong in about 280 words.

Dear Chris,

How have you been recently? I know from the news that an atypical type of pneumonia is now making a fierce attack on Hong Kong. The infected cases are on the rise everyday. Worse still, the disease is no longer confined to hospitals and has spread throughout the community. I am really concerned about your safety. It is reported that the fear-stricken Hong Kong citizens line up outside pharmacy for masks. How about you? What precautionary measures have you taken? Moreover, is it true that the Education and Manpower Bureau has decided to suspend schooling for nine days to avoid the spread of this life-threatening disease? If yes, what is your plan during the holiday? Do you think this decision is wise and timely? And how will Hong Kong be affected by this crisis? How long do you expect Hong Kong can overcome this virulent disease? I would like to send my most sincere blessing to you and Hong Kong. Hope to hear from you soon!

Take care,
Janice
